Dear Melissa,

Congratulations on your well deserved new position!

This message is to notify you of a serious violation of First Amendment protections of free speech committed by Councilmember John Erickson.

On Thursday Aug 5th, Councilmen Erickson removed me from his Facebook page (<https://m.facebook.com/profile.php?id=69200647>), thereby disabling my ability to comment. This is in clear violation of my Constitutionally protected right to engage in public dialogue on a Elected Official's media platform, as determined by the Fourth Circuit Court of Appeals

From the ACLU:

“Specifically, the court recognized that when a public official uses a Facebook page as a tool of governance — that is, when she uses it to inform the public about her government work, solicits input on policy issues through the page, and swathes it “in the trappings of her office” — she is controlling the page as a government

actor.” (<https://www.aclu.org/blog/free-speech/internet-speech/court-rules-public-officials-cant-block-critics-facebook>)

I’ve attached numerous examples of Councilman Erickson using said page in an official capacity to inform about official Government work, and using the trappings of his Formal role on this page.

Thank you for you steadfast work and steadfast obligation to uphold the US Constitution.

All the best,
West Seegmiller

Before the #FourthofJuly weekend, I wanted to make sure #WeHo residents knew that Governor Gavin Newsom signed Assembly Bill 832, which extends statewide protections and rent relief programs.

Look, I'm not happy about this either but I know several people who are currently sick 🤒 with the #DeltaVariant and the community spread is real!

I recommend each and every one of us speak to those that we know (and we all know at least 1 person) that isn't vaccinated and get them an appointment ASAP!
